biliardoprofessionale.it

This shows the maximum number of characters we need

Need only minus

Calibri 20

Bodoni MT condensed 250
(must add in the application
Is not standard)

Bodoni MT condensed 48

Key
Calibri 36

Calibri 54
only this key

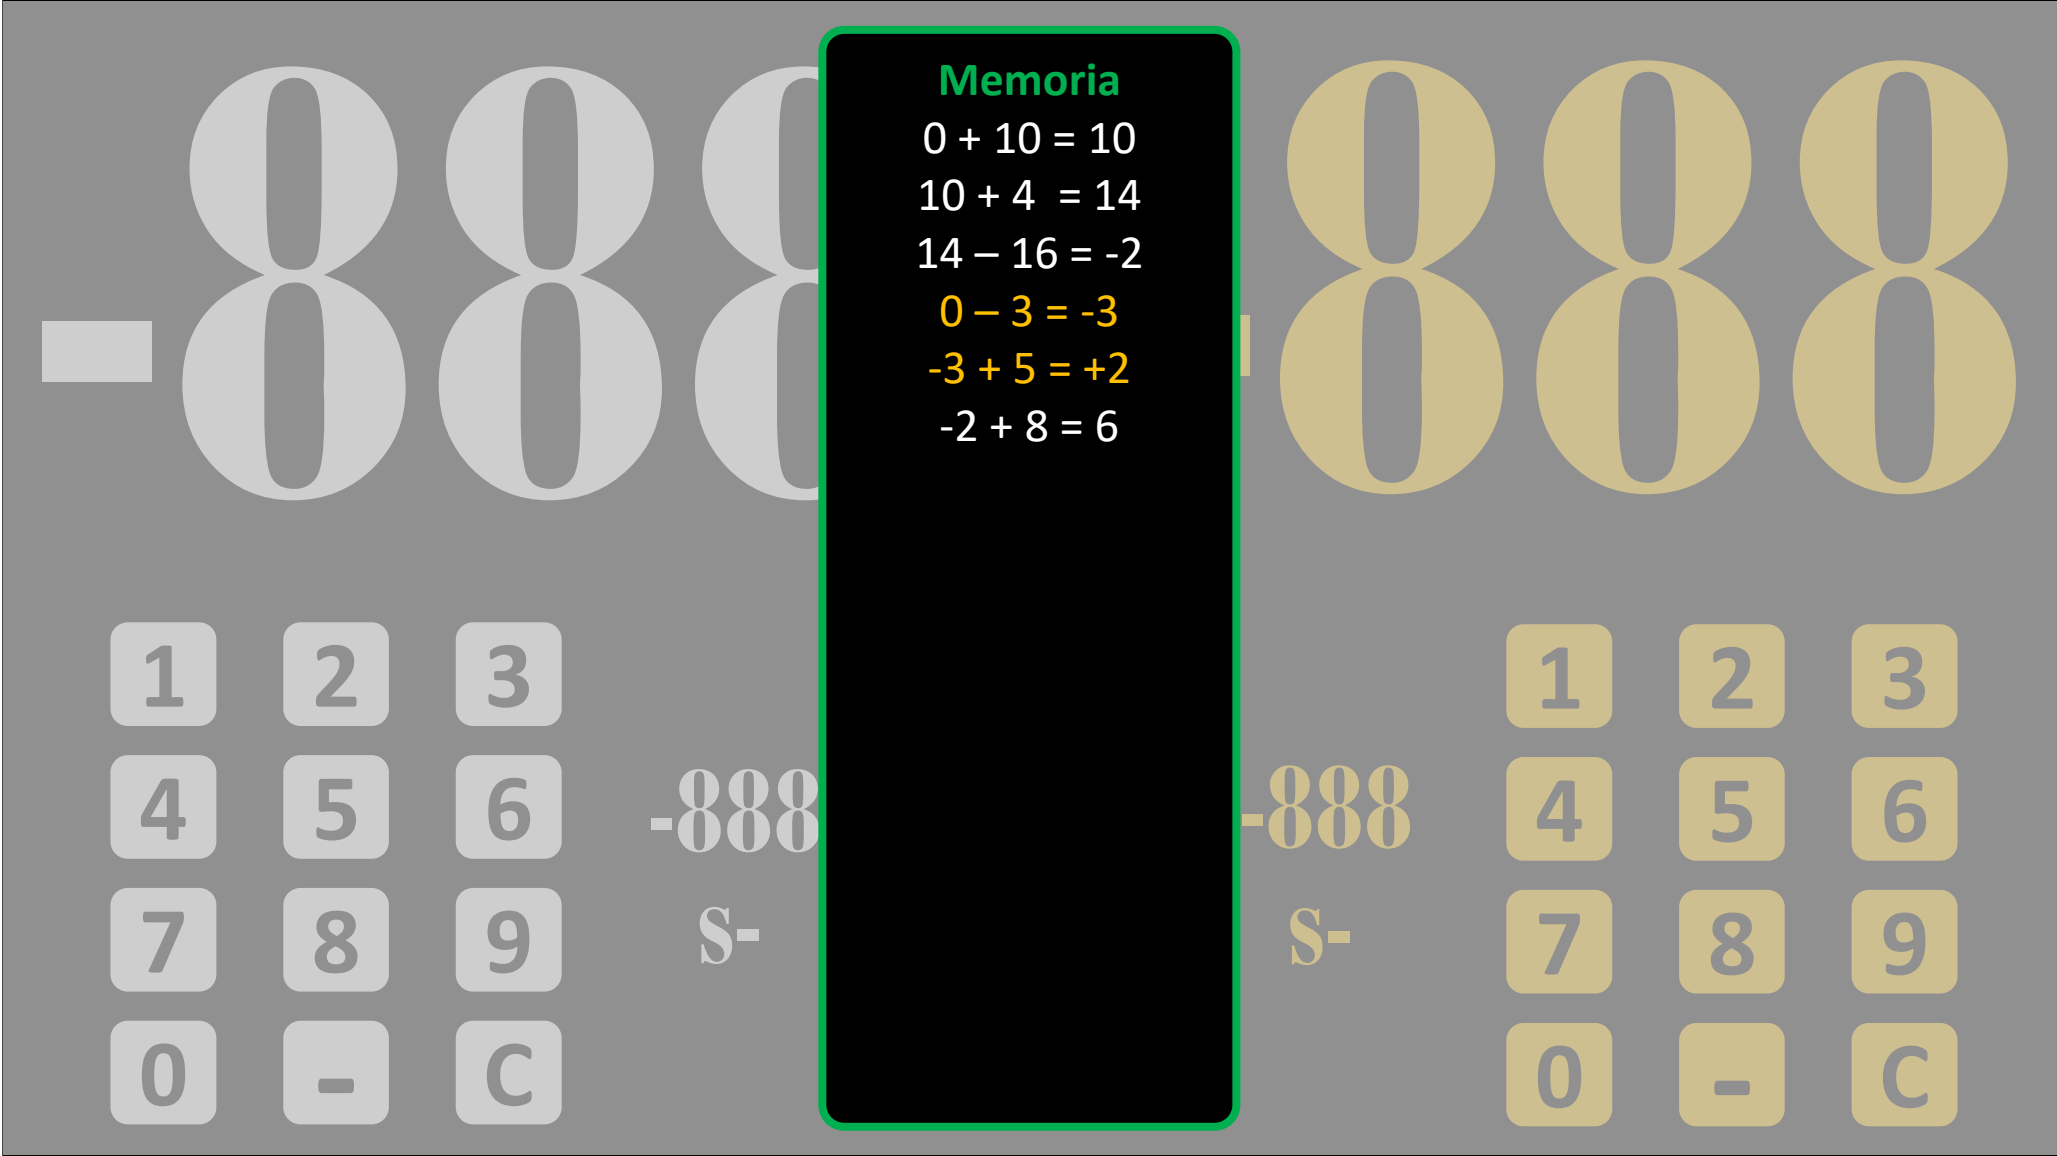

The image displays two calculator interfaces side-by-side on a black background. The left interface uses the Calibri 20 font, while the right interface uses the Bodoni MT condensed 250 font. Both calculators feature a numeric keypad (0-9, -, C), function keys (S, M, +1), and a display area. Red arrows point from text labels to specific UI elements: 'Need only minus' points to the minus sign on the left; 'Calibri 20' points to the 'S' key; 'Bodoni MT condensed 250 (must add in the application Is not standard)' points to the top row of the right calculator; 'Bodoni MT condensed 48' points to the '2' key on the right; 'Key Calibri 36' points to the '2' key on the right; and 'Calibri 54 only this key' points to the minus sign on the right. The display of the left calculator shows '-888' and 's0', while the right calculator shows '-888' and 's0'. A logo for 'biliardoprofessionale.it' is at the bottom center.
